

Ethical Values—Organizational Structure and Culture

Introductory Comments

Linda Emanuel, MD PhD

Organizations have moral capacity

- Systems / organizations entail relationships
 - relationships have moral capacity
- Accountable to:
 - To stakeholders
 - Re: purpose-values standards
 - Culture
 - Structure
 - Process
 - Outcome

Among organizations, cross-disciplinary / -sector relationships:

- Sustain perspectives
- Generate meaningful discourse, deliberation
- Sustain standards
- Have inter-dependent, balanced roles
