

What can journals do?

Animal studies:

- Mention sex of animals
- Justify use of only one sex
 - Money no excuse
- Require disclosure of "sex balance"
- Require proper analysis of each sex
 - Beyond "no statistical differences"

JOURNALS CAN EDUCATE

- Checklists to authors
- Checklists to reviewers
- Editorials
- Review criteria
 - Recognize importance of finding in one sex only

Journal “effect”

Requires concerted effort
